Context, aims

Minster Trust for Education has a mission.

Together we help every child to flourish, opening doors to fulfilling futures

‘Together’ includes students, staff and families and we aim to build strong and mutually supportive relationships between schools and communities.

Our mission is underpinned by a set of core virtues that we ask all to consider.

Integrity Wisdom Collaboration Kindness Service

These virtues underpin everything we do and can also be used to define our aims for healthy and effective communication between home and school. These are summarized in our **communications code of conduct**:

Expectations and facing communication challenges

- MITRE schools are committed to community engagement and there is an expectation all communications adhere to our *communications code of conduct* as defined above. This code of conduct applies to staff and equally to parents, other community members and visitors to our settings.
- We thank the overwhelming majority of visitors and parents who consistently demonstrate our virtues through the way they communicate. However, we have a duty of care to our staff as well as to our pupils and students and we are committed to this responsibility. Staff should be able to fulfil their duties without being subjected to rude, abusive, discriminatory, aggressive or threatening language and behaviour, whether this is during a telephone conversation, in an email or in-person. On the rare occasions parents or visitors do not meet these expectations they will be advised to stop their behaviour. If the behaviour persists, we will terminate the call or ask the visitor to leave the premises.
- Communication can present challenges in terms of the number of emails and other communications received each day. Many staff are working directly with pupils and students throughout the school day and so an immediate response is often not possible. We ask for patience to allow requests to be considered. Our schools will endeavour to respond in a reasonable time frame (see further information below).
- Parents and visitors should make an appointment in advance if they wish to see a particular member of staff. Without an appointment it may well not be possible to see that member of staff as they will be fulfilling other duties.

Communicating with school as a parent

Guidance for parents

I. Consider which communication method is best for the situation – some conversations are best face to face, whilst others, given their nature, can be resolved via email or over the phone.

II. The school office at Farnsfield St Michael's CofE Primary school is available term time from 8:30am to 4pm. Staff are not expected to be available in the evenings or at weekends.

III. We endeavour to respond promptly and effectively to all parental communications and will aim to respond within **2 working days**. We will prioritise communications based on need. There may be times that we are able to respond sooner than this; however, there may also be times when school is exceptionally busy, when this timescale is not achievable.

IV. Appointments with staff should be booked in advance - this is to avoid disappointment. Many of our staff will be teaching or in meetings during a school day. Anyone arriving to reception unannounced will be advised to request a meeting unless the matter is deemed an emergency.

V. All communication should be respectful and adhere to our communication code of conduct.

Contacting school

Staff recognise the importance of responding to parental queries and will always do their best to do so in a timely manner. However, staff have a range of responsibilities during their working day including teaching, planning, preparing for lessons and supporting students, and many staff have responsibilities beyond the classroom. Therefore, staff may not be able to respond to parents on the day that a query is made. We have also agreed with staff that there is no expectation to respond to queries outside of their working hours.

For day-to-day issues relating to care, welfare and academic progress, the person best placed to respond is their teacher or another member of staff who works closely with them. In the first instance, please approach the members of staff who are responsible for your child in the following order:

- Class Teacher then Senior Leader - if the query is relevant to a pastoral or learning support
- Class Teacher then Curriculum Subject Leader - if the query is relevant to a specific subject
- Class Teacher and then SENCO – if the query is relevant to SEND support
- Designated Safeguarding Leads – if the query is relevant to safeguarding
- Senior Leader, Assistant Head or Deputy Head – if your query is of a whole school or more serious nature
- Head Teacher – if the query has been passed on by another staff member or requires further discussion

There are a number of ways of contacting Farnsfield St Michael's CofE Primary school, including:

Informal conversation – catching the class teacher at the classroom door in a morning or after school to pass on brief non-confidential messages is the first contact point.

Email - emails can be a useful way of communicating quickly and easily. However, as a school, our first priority is to deliver high quality teaching and learning. Teaching staff cannot and are not expected to monitor and manage their inbox during lessons or at other times in the day, when they should be planning and preparing for lessons, assessing student work or carrying out school duties. Support staff also have busy schedules and are not always immediately available. To help manage the expectations of all, please bear in mind the following guidance:

- We aim to respond to you as soon as possible and within 48 hours (during the working week).
- Part-time staff may take longer to reply.

Telephone – If you do need to contact school via telephone, please use the main reception number. Reception staff will relay messages to staff when they are not available. However, please note that lessons and meetings will not be interrupted for staff to take calls.

School will aim to respond to you within 48 hours (during the working week). If a call is urgent, please inform the member of staff who takes your call, who will arrange a relevant member of staff to speak to you as soon as possible.

Meetings – Meetings with members of staff should always be arranged in advance. If there is an emergency or a child protection issue, please phone ahead and a suitable member of staff will be notified. Non-urgent meetings will be scheduled within five working days.

See Appendix 1 for summary contact information.

School communication with home

Schools in Minster Trust for Education know it is important to keep you informed regularly regarding your child's experience and progress. At Farnsfield St Michael's CofE Primary school this information is communicated in a number of ways:

- Reports
- Parents' Evening
- Information evenings (as applicable to the Key Stage and/or subject)
- Newsletters
- Letters

Email – the most common method of communication is using email, as it allows us to communicate with parents quickly and cost effectively.

Telephone calls – Staff members will contact parents by telephone when necessary.

Other useful places to find out important information

The **school website** provides information on all aspects of school life, including forthcoming dates, curriculum information, assessment details and other updates about school life. Any emergency information will be announced on the school website and social media.

The **school phase newsletter** is sent out every half-term electronically. It allows us to keep parents regularly informed of any recent school news, upcoming events, key dates and activities. The newsletters are also uploaded to the school website. Other newsletters will come out from the head teacher and the PSA at regular intervals throughout the term.

Social media - we use social media channels to share and celebrate what has been happening in school, including student achievements, subject information and generic educational information. You can find the school on Instagram by searching @...

Please note, we do not use social media to respond to comments or questions posted.

Please be respectful at all times when using social media.
